Project Title

"Euphony Seraphim"
Euphony comes from the Greek language, which literally means "beautiful and harmonious voice." This term is often used to describe a melody or harmony that is so mesmerizing, as if it is able to transport the listener into another world, a world full of peace and beauty. In the context of music, euphony is not only about pleasant notes, but also about the resulting emotional experience, a perfect harmony that can touch the soul and captivate the heart. Seraphim, on the other hand, is a great being in the celestial tradition. Seraphim symbolizes beauty, purity, and majesty that transcend the limits of human understanding. They are described as guardians of the heavenly throne singing divine praises, a harmony so pure that it becomes the perfect embodiment of the beauty of sound. When these two concepts are combined in the Euphony of Seraphim, a profound meaning is created: "Enchanting Heavenly Harmony." This name describes such a beautiful and perfect combination of sounds, as if every note and melody produced is a direct echo of the singing of the seraphim. The app with this name promises to bring a musical experience that is not only pleasing to the ears, but also touching the soul. The Euphony Seraphim becomes a symbol of a musical journey that lifts its listeners to a higher dimension of beauty, a place where music is not only heard but also felt with the whole being. We present a platform that offers premium sound quality, an inspiring music collection, or even something more immersive such as music-based meditation apps and even spiritual exploration through harmony. Euphony Seraphim, we invite its users to discover the true meaning of the beauty of

sound, an experience that goes beyond listening, but feeling the harmony of the three-dimensional world.

LOGIN
 **Explanation :** This is our website that shows a simple login interface with a pink-themed design. It includes fields for entering a username and password, a pink "Login" button, and a "Forgot Password?" link for users who need help recovering their credentials. The header, "Please Login first," informs users that authentication is required to proceed. The clean and minimalistic design, with its soft pink color scheme, creates a user-friendly and welcoming appearance.

Login Code

```javascript
document.getElementById('loginForm').addEventListener('submit', function(event) {
    event.preventDefault();

    const username = document.getElementById('username').value;
    const password = document.getElementById('password').value;

    if (username === "Angel" && password === "2400") {

        document.getElementById('message').innerText = "Thanks for registering!";

        setTimeout(function() {
            window.location.href = "index.html";
        }, 800);
    } else {
        alert("Username atau kata sandi salah!");
    }
});

document.getElementById('forgotPasswordLink').addEventListener('click', function(event) {
    event.preventDefault();
    window.location.href = "resetpw.html";
});

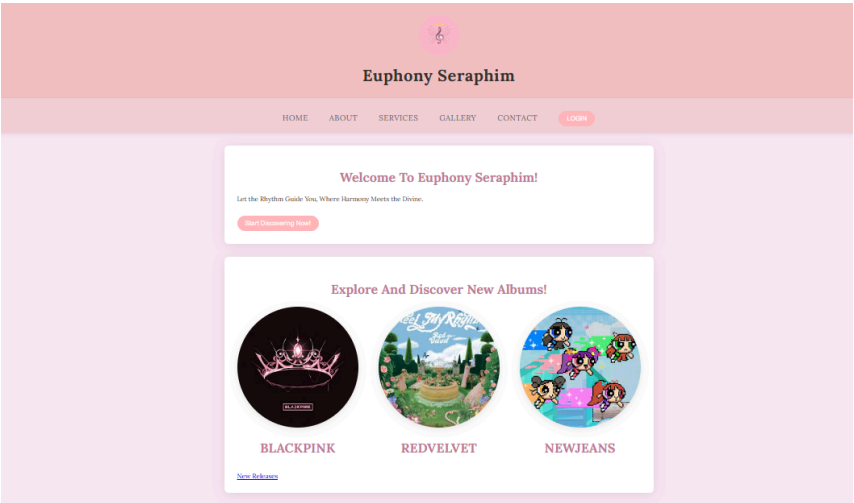
HOME PAGE



Explanation :

The website showcases the homepage of Euphony Seraphim, a music-themed website with a soft pink design. It features a navigation bar with options like "Home," "About," and "Login," followed by a welcome message, "Let the Rhythm Guide You, Where Harmony Meets the Divine," along with a call-to-action button. The main section highlights three albums—BLACKPINK, REDVELVET, and NEWJEANS—under the heading "Explore And Discover New Albums!" The design is clean and inviting, encouraging users to explore music and new releases.

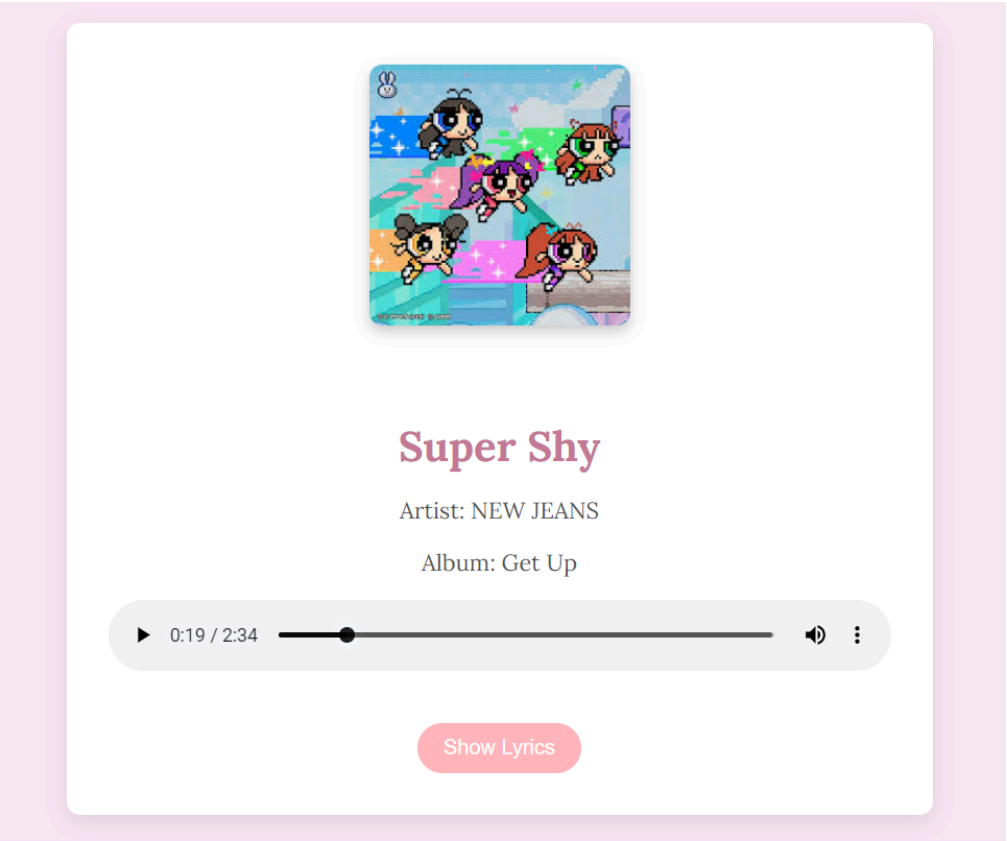
PLAY THE MUSIC



Explanation :

This is the feature for our website that displays a music player interface featuring the song "Super Shy" by the artist NEWJEANS from the album "Get Up." At the top, there is an album cover with a colorful and playful design, followed by the song title, artist, and album information. Below that, a progress bar allows users to see the playback time, with controls for playing or pausing the song. At the bottom, a pink button labeled "Show Lyrics" invites users to view the song's lyrics.

Lyrics:

I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
And I wanna go out with you, where you wanna go? (Huh?)
Find a lil' spot, just sit and talk
Looking pretty, follow me, 우리 둘이 나란히
보이지? 내 눈이 갑자기 빛나지 when you say I'm your dream
You don't even know my name, do you?
You don't even know my name, do you?
누구보다도
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
나 원래 말도 잘하고 그런데 왜 이런지?
I don't like that
Something odd about you, yeah, you're special and you know it
You're the top, babe
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
I'm super shy, super shy
But wait a minute while I make you mine, make you mine
떨리는 지금도 you're on my mind all the time
I wanna tell you, but I'm super shy, super shy
You don't even know my name, do you?
You don't even know my name, do you?
누구보다도
You don't even know my name (super shy, super shy)
Do you? (Make you mine, make you mine)
You don't even know my name (you're on my mind all the time, I wanna tell you)
Do you? (But I'm super shy, I'm super shy)
